To whom it may concern

John Cousins & Sons Ltd have dealt with WEARSIDE PLUMBING SUPPLIES Ltd for over ten years, during that time they have been consistently reliable and helpful. They have a plethora of experience in the plumbing arena and their bathroom showrooms at Sunderland and Durham are second to none.

We advise most of our domestic customers who are looking to install bathroom equipment to visit the showrooms in order to view the vast array of sanitary ware, showers and accessories available. We have always found the bathroom consultants extremely knowledgeable and advisory, they take the time to listen to what the customer requirements are and liaise with the plumbers to make sure that everything runs smoothly.

The trade counter keep a constant updated stock of new innovative, efficient boilers and heating spares, and will obtain specialist goods as required. It does not matter the size of the order or the cost of goods required the service remains exemplary and professional .

I would always recommend WPS Ltd and intend to continue with our relationship in the future.

Yours Faithfully

J.COUSINS
